## Instructions

### BILL OF MATERIALS

### FLST FORK TINS P/N 26-764

QTY.	DESCRIPTION	PART NO.
1	S-Tail Head Light Tin Set	26-760
2	Slider Covers	25-234
4	1/4-20 X 5/8 Sockethead Screw	32-103
4	1/4" Flat Washer	25-176
4	5/16 - 24 X 5/8 Sockethead Screw	32-136
4	5/16" Flat Washer	25-177

### INSTALLATION NOTES FOR HEADLIGHT TINS AND FORK SLIDERS

1. Install tins and sliders per applicable service manual and check all fasteners carefully before riding cycle.
2. Use blue loctite (CCI #35-007) on all hardware.
3. Slider covers must be adjusted to clear sliders by gently shaping the bottom of the cover with a rubber mallet or by squeezing by hand. Clearance must be checked at all positions of fork travel.
4. When installing front and rear head light tins leave side bolts loose until tins are fit to fork clamps. Holding slight pressure on the side of the tins will help to align the front and rear tins with each other and the slider cover.
